Über die Messe

The brand OROAREZZO in the world is synonymous of jewelry made in Italy and a strong gold district of about 1,200 companies – representative of the whole chain of production and integrated at various levels – especially small and medium-sized business that have been able to skillfully combine innovation, research and design with a tradition of metalworking that dates back to the Etruscans. Quality and accuracy of production, attention to detail and fashion design, production flexibility, know-how and expertise, strong orientation to foreign markets, are its trump cards.
