---

#### Über die Messe

When Jack Thill started the Fort Wayne Farm Show, he envisioned a trade show where the farm community could come together with agri-business leaders to learn about and compare the latest equipment and products in this ever-changing marketplace. Now, Jack's vision has grown to become one of the nation's most respected farm shows, attracting qualified attendees from many states. Our exhibitors present the latest farm technology the industry has to offer along with the area's largest variety of farm machinery equipment, in one location.
